StringAlong

HIGH VISIBILITY

From a Distance Unlike Pencil Marks

EASY TO USE

Run Multiple Lines in Seconds

QUICKLY

Raise or Lower Elevations

The SRW Products StringAlong collar makes raising and lowering elevations easy. It contains small teeth and a lock notch to ensure a tight string line. These collars are easily visible from a distance, unlike pencil marks and is built to last! Pair with StringAlong Stakes for best results. The unique retail display is built and suitable for counter tops.

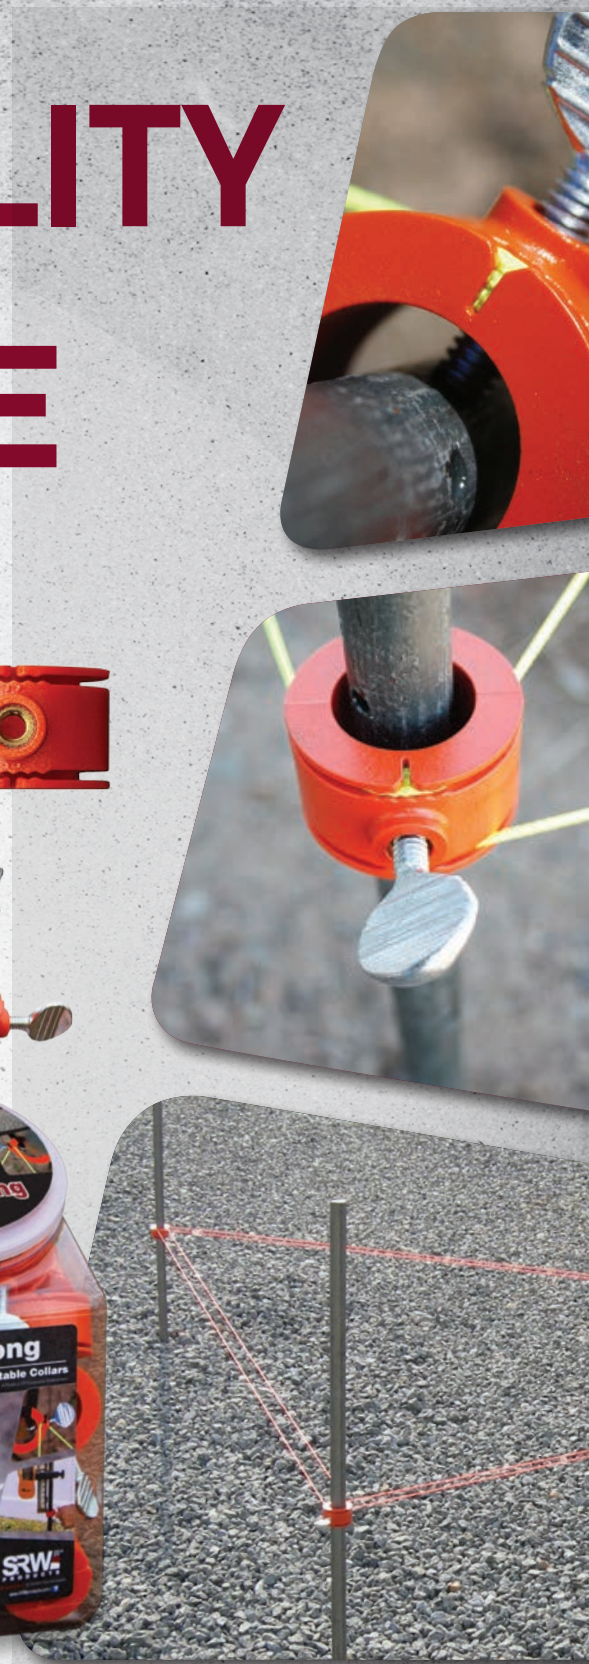

Benefits

- ▶ Take down the line and put it back up without measuring
- ▶ Ability to create three to four different lines from different directions at one time
- ▶ It's built to last from nylon with a brass insert and zinc coated thumbscrew
- ▶ Fits all round stakes up to 1"

Applications

- ▶ Hardscaping
- ▶ Surveying
- ▶ Fencing
- ▶ Concrete & Masonry

**Distributed Exclusively
By SRW Products**

solid solutions to better hardscapes

Is it important to use a sprayer when sealing concrete?

Yes. When used in conjunction with an SRW Slit Foam Roller, it provides an even film across the surface.

What do I use to clean up after sealing?

SRW XY Xylene is a fast-acting solvent that thins and dissolves acrylic sealer to aid in tool clean up and overspray.

Why does SRW recommend using a Slit Foam Roller?

It helps to evenly distribute sealer across a textured surface. This will prevent pooling in lower areas. Use the X-treme roller for solvent-based sealers.

Which caulking gun should I use with Vertical Instant Lock Adhesive?

The Premium Caulking Gun is made of heavy-duty steel and will work best for thick formulas such as Vertical Instant Lock.

How many staples should be used when installing an erosion control blanket?

Putting 1.2 staples per sq. yd. (sq. 0.84 m.) is recommended.

Can I use Mulch Stabilizer on Synthetic Mulch?

Yes. Mulch Stabilizer works on colored, natural and synthetic mulch as well as pine straw. It can even be used on sand and dirt to control dusting.

SYNTHETIC MULCH

PINE STRAW

SAND & DIRT

NATURAL MULCH

COLORED MULCH
