

Workplace Health and Safety Policy

1. PURPOSE

Baines Masonry is dedicated to ensuring the health, safety and welfare of all workers, contractors and visitors. Baines Masonry is committed to creating a positive, safe and risk free environment for its workers, visitors and customers.

2. POLICY

Baines Masonry will strive to:

- Develop and implement work health & safety programs to ensure that all risks to health and safety at the workplace are identified, assessed, eliminated or controlled.
- Consult with employees and implement agreed work health & safety consultative arrangements to improve the management of workplace health and safety.
- Communicate with government and community bodies on workplace health and safety issues.
- Provide and implement safe systems of work to minimise incidents, risk of injury and prevent illness to personnel.
- Comply with Australian & NSW workplace health & safety legislation, regulations, codes of practice and standards.
- To set goals, targets and strive to continually improve work health & safety systems. To minimise and prevent work-related illness or injury.
- Provide adequate information, instruction, training and supervision to ensure that all workers can undertake their duties safely.
- Ensure that all visitors to the workplace are informed and instructed on site safety requirements and provided with adequate supervision and necessary protective equipment.

3. COMMITMENT

The success of the work health and safety policy will come from the commitment of Managers and Supervisors who will ensure that the objectives of this policy are implemented and integrated into day to day work practices. We are dedicated to fulfilling the objectives of this policy and expect the same from all Baines Masonry employees. The safety of our people is paramount to a sustainable business, work health & safety is everybody's responsibility.
